

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case they fail to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Market Letter for the Past Week.

Kansas City Market Letter

(By J. A. Rickart, Correspondent)

Kansas City stock yards, January 15, 1912.—There was a good outlet for all kinds of killing cattle last week, and the week closed about a quarter higher on most kinds. Stockers and feeders did not move with their customary alacrity, because the severe weather was against that trade. Packers took over most of the fleshy feeders, endeavoring to cheapen their droves of short fed cattle, cost of which is increasing from week to week, and is arousing strong protests. Old Winter loosened its clutch on the west Saturday and yesterday long enough to allow a rather liberal run of cattle to get here for today's market, 12,000 head, and this supply landed on a good spot. Chicago expected 24,000 today, but got only 17,000, and other markets were moderately supplied. The stuff here moved rapidly, as fast as it arrived, at strong to 10 higher prices. Numerous lots of good steers sold at 7.45 to 7.85, and this latter price may be exceeded when the late trains get in, as 156 cars were back at noon. Few fed steers sell under 6.00, though packers have bought some fleshy feeders down to 5.50. Cows bring up to 5.50, heifers to 6.50, valves higher today, best 8.28. Four cars 700 lbs. panhandle stockers sold today at 5.10, and pretty good stock steers may be had around 5.25. A few fancy feeders sold to an Iowa buyer last week at 6.35, but only a few go out at a cost of more than 5.75.

All the markets were rather short of hogs this morning, so the 11,000 head here sold quickly, at 5 cents higher prices. Some light hogs sold 5 to 10 higher. Top here today was 6.45, only a fraction under top in Chicago, bulk of sales here 6.10 to 6.40. Quality of the hogs coming is gradually improving, the average weight last week standing at 100 lbs., eight pounds heavier than the average for the month of December. Hog markets have been up and down, though it seems that prices are working upward slowly.

Sheep and lambs came in freely last week, but packers bought them greedily, and the market advanced 50 cents for the week. There was a decline on Friday, but it counted for nothing, as the run of 10,000 here today is selling back to the best figures. A few lambs made 7.15 last week, and numerous lots sold at 7.00 today, yearlings worth up to 6.00, wethers 4.75, ewes 4.25. Dealers insist that only choice stuff should be sent in, as buyers are able to get plenty of that kind, and neglect poorly finished stuff.

Los Angeles Stock Market

Los Angeles, Cal. Jan. 15, 1912. A large shipment of Northern Nevada fat steers arrived this week. They are extra good cattle averaging over 1300 pounds, and come from the Cudahy feeding yards in Nevada.

Three hundred cows from Oregon fattened near Bakersfield and averaging about 1200 pounds came in this week. Also a train load of alfalfa and grain cattle from Kern county.

Some small shipments have been received from the pulp factory at Oxnard and a large shipment of pulp cattle from Betteravia. The latter place has now less than 2000 head left out of 6000. A few small scattered shipments have been received from Imperial and local feedings points.

One Arizona man shipped in two cars of cattle, poor grade and lost the freight and two dollars per head and another New Mexico man lost \$1000 on 5 cars of cows,

which shows there is no demand for half fat or poor cattle.

Some California steers are being offered as feeders at bargain prices on account of short range and high feed but the outlook for better prices is good on the whole.

Veal is in extra good demand, and canners are in demand if they have flesh.

Prices are fat fed steers \$5.50 to \$6, fat feed cows \$4.50 to \$5; veal 16.50 to \$7; conners \$3.75, fat bulls \$4.

Illinois has authorized the appointment of a woman investigator of domestic employment agencies.

The latest official returns, including Manchuria and all outlying districts, place the population of China at 312,425,025.

The carpenters of Bakersfield, Cal., have collected \$28,000, with which they are to erect a three-story labor temple in that city.

An English inventor has patented the right to manufacture telephones that have the transmitter shaped like the human ear.

The county assessors at their state meeting at Bisbee, proposed to raise the valuation on, range cattle from \$10 to \$12.50 per head.

On July 1, 1911, there were 28,000 automobiles in the state of Iowa, and by far the greater number were owned by farmers and villagers.

Daily wages paid in Jerusalem at the present time are as follows: Unskilled labor, 24 to 40 cents; carpenters, 30 cents to \$1.05; masons, \$1.60; and stonecutters, 42 to 94 cents.

Chas Dunn, the sheep buyer for the S. & S company of Los Angeles, shipped 600 head of fat wethers purchased of Al Beasley Monday. They were driven into Flagstaff from the north around east of the mountain.

D. H. Jones, one of the best posted cattlemen of Northern Arizona, has concluded to go into buying and selling of cattle on commission this year on a larger scale. He has been in the business of raising cattle and is well known throughout Northern Arizona. If there are any cattle of any age or kind in the country he knows where they are.

The Sun is always pleased and considers it a favor when stockmen are kind enough to turn in items of interest concerning the stock business. Many items of interest are missed because we have no means of knowing of them. The Sun is bound to be the stock paper of Northern Arizona and we want the help of stockmen every day in the year.

Forest Supervisor W. A. Drake has arranged for a meeting with the sheepmen of the Coconino forest, to meet at Phoenix on January 31st, to settle range differences and permits for the year. The question of university sections, which have been leased by sheepmen and used as a basis for additional grazing rights, will also be brought up at this meeting for discussion.

F. A. Reid, of Ash Fork, while in the city Tuesday stated that range conditions north of that point, were more favorable for this time of the year than had been in evidence for several seasons, which he attributes to the heavy fall of snow that took place during the past two weeks. He anticipates a good year in consequence to the few located in that zone.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Stomach and Liver Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers.

Arizona Well Represented

Arizona is well represented on the executive committee of the National Live Stock Association as well as other important committees.

On the executive committee Arizona is represented by H. E. Campbell, E. H. Crabb of Flagstaff; L. L. Harmon, Phoenix; James A. Johnson, Williams; M. A. Perkins, Junction.

E. H. Crabb is a member of the committee on forest reserves and grazing lands. The following members were appointed as a National advisory board: J. C. Underwood, Wyo.; Isaac Baer, Meeker, Col.; E. H. Crabb, Flagstaff, Ariz.; M. K. Parsons, Salt Lake City, Utah; P. J. Shannon, Hamilton, Mont.

When given as soon as the croupy cough appears Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. Sold by all dealers.

W. L. DECLOW

AMERICA'S LARGEST HORSE AND JACK IMPORTER
Removing His Business to New Mexico

I am arranging to change my business location from Cedar Rapids, Ia., to El Paso, Tex., or some desirable point near by. I am shipping 30 imported stallions and Mammoth jacks on Jan. 15, 1912, being my first consignment. I would like to correspond with all stockmen who are in need of stallions, jacks or full blood mares. I can also furnish registered Shorthorn and Hereford bulls and registered Shropshire bucks at very reasonable prices, in car loads at El Paso.

I have recently secured a special rate by express by which I can ship jacks at lower rates than ever before. I can ship jacks from Cedar Rapids, Ia., to Albuquerque, N. M., for \$55 each, to Phoenix, Ariz., for \$104 each, and can reach other points at corresponding rates.

Please write me. If not in need yourself, please tell your neighbors.

W. L. DECLOW,
Cedar Rapids Jack and Stallion Importing Farm
Cedar Rapids, Ia.

Owing to the extreme cold weather it is impossible for me to open a branch barn in El Paso as I had anticipated, until some indefinite date. Therefore, parties in need of stock will please write me at Cedar Rapids, Iowa, and I will glad to correspond.
